

Certificate of Natural Carbon Capture

This is to certify that

EcoSpeed
has contributed **£5,000**

to the **Natural Carbon Capture Scheme** run by
The Wildlife Trust for Lancashire, Manchester and North
Merseyside.

This is calculated to be equivalent to
restoring mossland habitat with a
carbon absorption value of **167 tonnes of carbon**.

The money donated to this scheme will help to acquire,
restore and protect the last 1% of mosslands in the North West,
helping to balance out unavoidable CO₂ emissions.

Lancashire,
Manchester &
N Merseyside

**Equivalent
to 167
tonnes
of CO₂**
